### Note A Summary of Significant Accounting Policies

#### **Property and Equipment:**

Expenditures for minor additions of equipment are charged to expense when incurred. Expenditures for land, buildings, major improvements, and equipment additions are capitalized and recorded at cost except for donated property and equipment. Donations of property and equipment are recorded as support at their estimated fair values on the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, SOARD reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. SOARD reclassifies temporarily restricted net assets to unrestricted net assets at that time.

Property and equipment are depreciated over the estimated useful lives of the respective assets using the straight-line method.

Office furniture and equipment 5-7 years
Trailer 7 years
Equipment 7 years
Leasehold improvements Lesser of the lease or 7 years

#### Functional Expenses:

The cost of providing various programs and other activities has been summarized on a functional basis in the statement of activity. Accordingly, certain costs have been allocated among the programs and services benefited.

### Note C Effects of Current Economic Conditions on Contributions

SOARD depends heavily on contributions and grants for its public support. The ability of certain contributors and grantors of the organization to continue giving amounts comparable with prior years may be dependent upon current and future overall economic conditions. While the board of directors believes the organization has the resources to continue its programs, its ability to do so and the extent to which it continues may be dependent upon the above factors.

## Note D Subsequent Events

Management considered all events through December 4, 2017, the date the financial statements were available for release, in preparing the financial statements and the related disclosures. Management is not aware of any significant events that occurred subsequent to the balance sheet date, but prior to the filing of this report, that would have a material impact on the audited financial statements.
